## *Blaze*

Exhibition Opening: 28th June 6-8pm

Exhibition Dates: 28th June - 30 July

Blaze is an exhibition of photographs that recreate the imaginary world of 'Mills and Boon,' using real couples who strike a romantic pose in their own domestic environments. In this reconstruction of the climactic, romantic moment, their gestures become performance, their personal belongings become props; artifice in the simulation of a shared, manufactured dream.

Artist Tatjana Plitt is interested in the way we construct our reality through the imaginary; particularly how romantic narratives & fantasies infiltrate our actual romantic experiences. Bringing together the contradictory practices of documentary and staged photography, Plitt explores the complex exchange between the euphoric dream of love and the everyday reality of relationships.

For more information please contact Tatjana on 0401 861 736 or [mail@tatjanaplitt.net.au](mailto:mail@tatjanaplitt.net.au)
